

Daltco Electric

OUR CUSTOMERS

Daltco Electric is a wholesale electrical, lighting and automation distributor. Our customers are businesses like:

ELECTRICAL CONTRACTORS

Daltco Electric sells material to residential, commercial and industrial contractors. **Daltco** is a full service supplier with same day capabilities due to our strong inventory levels and staff support.

MANUFACTURING FACILITIES

Daltco Electric sells material to a high percentage of industrial manufacturing facilities in Eastern Ontario. Electrical equipment, factory automation equipment and commercial/industrial lighting products make up the bulk of what we sell to plants. Our technical support coupled with our strong daily service levels are key to **Daltco's** success.

OEM'S (Original equipment manufacturers)

With **Daltco Electric's** OEM customers, we sell equipment that becomes a part of a machine. A varied knowledge of automation equipment is critical for success with OEM's.

GOVERNMENT & INSTITUTIONS

Daltco Electric has many varied government customers from power plants, corrections facilities, military bases, hospitals, school boards, and local utilities-municipalities.

PROPERTY MANAGEMENT

Daltco Electric sells primarily basic electrical material and numerous lighting solutions to our commercial property management customers. Our knowledge of Energy Management Solutions is critical to our success with this customer type.
